AGENDA

POSTED

JUN 23 2023

**COUNTY CLERK
ELLIS COUNTY, TEXAS**

- 1. Welcome and Introductions**
- 2. Chair, Tommy Jackson: Introduction of the attendees.**
- 3. Approval of minutes from previous meeting (April 4, 2023).**
- 4. Chair, Tommy Jackson: Introduction of Guest Speaker, Bernardo Salazar, UrbanDataLabs, LLC**
 - Guest Speaker - , Bernardo Salazar ,an Urban Data Scientist, founded UrbanDataLabs, LLC, to develop data-driven solutions for Emergency Management, Hazmat Planning, and Local Emergency Planning Committees (LEPCs). His prior experience in County-level Emergency Management and as chair of a Local Emergency Planning Committee has equipped him with the unique ability to leverage analytics, Geographic Information Systems, and technology to support planning and preparation around chemical hazards.**

Topics of Presentation:

- An introduction to TIER II Reports and its importance to emergency managers and first responders.**
 - How to use analytics to extract meaningful insights from TIER II data.**
 - The role of GIS in visualizing TIER II data and enhancing situational awareness.**
 - A demonstration of how these tools can be used together to improve emergency preparedness, including real-world examples.**
 - A Q&A session to address any specific questions or concerns your team might have.**
- 5. Closing Remarks/Questions**
 - 6. Next Meeting: October 3, 2023. 10:30 to 11:30 AM, Teams Meeting. Notice to be sent with the invite to the LEPC Meeting.**
