An Important Message for the Citizens of Ellis County:

Paul David Perry, Commissioner for Precinct 3, a life-long resident of Ellis County, passed away at his home on Sunday morning. Commissioner Perry leaves behind a legacy of constitutionalism and the principles of liberty in our community. He served in public office in Ellis County for over two decades.

“Paul never stopped fighting for his constituents. He steadfastly abided by his Christian and Conservative principles and always put our citizens first. Each of us on the Commissioners’ Court will forever admire Paul’s example of integrity and leadership for his family and his community. Knowing him as a friend, mentor, and fellow Baylor alum, he will be dearly missed, but for those who had the honor of knowing him, one thing is for certain: Heaven just became a little more Texan.” – Judge Todd Little

Pending approval by the Governor’s Office, flags in Ellis County will be flown at half-staff in honor of the life and memory of Commissioner Perry.
