ELLIS COUNTY JUDGE

“As I look back on the last year — a period of accomplishment and uncertainty — it is remarkable how we have come together during this most critical time. Every action taken has been essential to protecting the livelihoods of all Texans across Ellis County.”

September 8, 2020

## To the Citizens and Taxpayers of Ellis County,

It is with great honor that I present the Fiscal Year 2020-21 Budget to the Commissioners' Court. In accordance with Local Government Code § 111.003 - "The County Judge, assisted by the County Auditor or County Clerk, shall prepare a budget to cover all proposed expenditures of the County government for the succeeding fiscal year." This document embodies the sincere service of our Commissioners' Court, elected officials, department heads, and staff to the residents of Ellis County. The FY 2020-21 Adopted Budget is a financially sound and balanced plan that meets our commitments to our fellow Texans and provides resources for strategic program enhancements and workforce investments.

The preparation of this budget has been a unique and challenging process, calling upon every Texan to protect public health while sacrificing livelihoods and relinquishing time with their loved ones. Our efforts during this budget calendar and beyond will remain with the communities and individuals, including healthcare workers and first responders, most deeply impacted by the COVID-19 crisis.

The significant and unpredictable economic fallout from this crisis reinforces the critical need for government to be held accountable by our pledge of service to citizens. Therefore, as a Commissioners' Court standing upon a cornerstone of liberty and conservatism, we incorporate plans of resilience in everything we do for the citizens of Ellis County.

During this time of hardship for many, we have been blessed with your investment allowing for a lower tax rate, while expanding our budget to provide essential funded and mandated services. The new revenue will help as we tackle the many improvements such as public safety, sheriff vehicle replacement program, road and bridge replacement and maintenance program, flood control facilities, repair and maintenance, justice system enhancements, and additions to the core financial functions for purchasing and audit departments. This will ensure tax dollars are fully transparent, put to good use, and beneficial to every citizen.

I know a fundamental disconnect exists between government and citizens, and each of us have been called to be there for our communities by remaining relentless in our efforts to earn trust by serving them in the best way we can. As I look back on the last year — a period of accomplishment and uncertainty — it is remarkable how we have come together during this most critical time. Every action taken has been essential to protecting the livelihoods of all Texans across Ellis County.

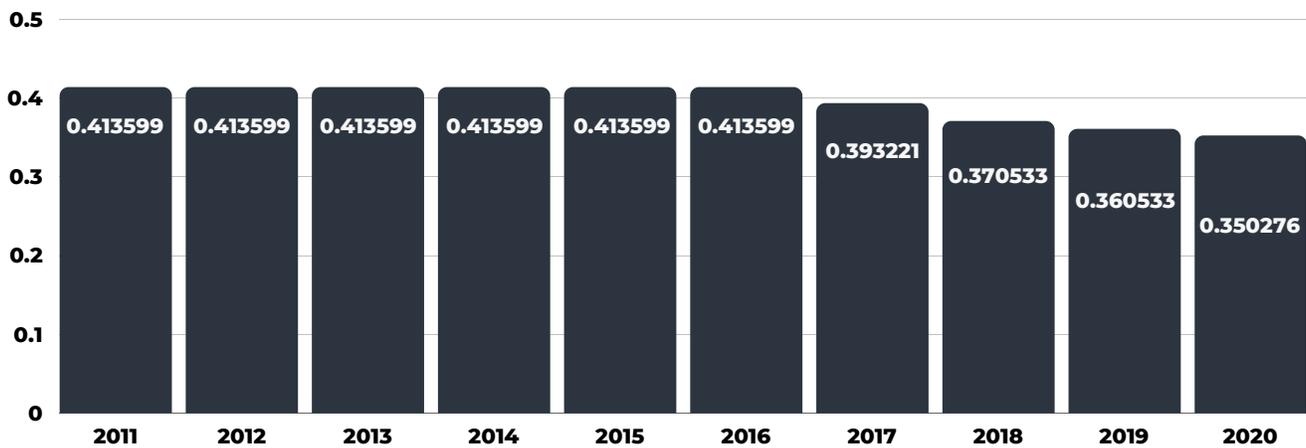

In a commitment to transparency and open government, this budget is a representation of our County as a whole, with input from many stakeholders and the governing body of the Commissioners' Court. One that is comprised of everyday people like you and me, committed to serving our neighbors, friends, and family as we continue to fully reopen Texas.

## Budget in Brief

The FY 2020-21 Adopted Budget has been presented with consideration of financial policies adopted by the Commissioner's Court, the mission of maintaining readily available services to citizens, and the capacity to support the increasing perception of value of Ellis County, Texas. Your support and consideration throughout this budget process reflects the honest stewardship of tax-payer dollars while taking a conservative approach for the highest return on investments.

### Tax Rate

When we met in August, the effects of COVID-19 had impacted the budget process resulting in the proposal of a tax rate without certified values. As a Commissioners' Court, working to reduce the burdens on citizens, we set a conservative ceiling for a tax rate already at a reduced rate from year before. Together, we have approved a tax rate at the "No New Revenue" rate of \$0.350276 per \$100 of assessed value; maintaining our annual trend of keeping the citizen tax bill low.

### COVID-19 Effect - Unforeseen Expenses

Early on we acted swiftly with the information that was provided to us from our Federal and State Leaders in order to prevent a substantial public health impact on our community. Then and now, it has been difficult to fully understand the effects the COVID-19 crisis will have on our revenues and expenses in the future. As of today, our COVID-19 mitigation efforts have aggregated expenses associated with additional labor, equipment, supply, leasing, contract, incident, and other miscellaneous costs.

During this period, our justice system faced a critical crossroads, and it was imperative that our Ellis County courts moved forward with service despite limitations. In order to resume rule of law, the county purchased a \$150,000 virtual video system, so our local courts could continue operations for citizens across the county. One of the most important objectives in county government is an efficient justice system for residents. By implementing this new virtual teleconference technology, the Ellis County Court System has remained efficient in delivering citizens with timely justice.

## Unforeseen Expenses

**\$574,502.40**

Ellis County Costs

**\$3,460,930.00**

Value of Qualified Reimbursement

**30** Ellis County Commissioners' Court approved the receipt of funds  
**June** from the Coronavirus Aid, Relief, and Economic Security (CARES)  
act.

On Tuesday, June 30, as a Commissioners' Court, we approved the authorization of the certification form regarding the Coronavirus Relief Fund (CRF) under the Coronavirus Aid, Relief, and Economic Security (CARES) act in the amount of \$3,460,930.00. We understood the burdens that COVID-19 had brought on our communities across the county. As a court we were dedicated to providing relief to our tax paying citizens, but tabled this item for a few court sessions in order to protecting the personal liberties of our citizens against potentially affiliated contract tracing. Through action taken by this court, Ellis County and other affiliated jurisdictions will qualify for reimbursement of unforeseen expenses relating to COVID-19 mitigation, in turn reducing the COVID-19 impact on our citizens.

### **Employee Investment** "555 serving nearly 200,000"

A wheel can't turn without its spoke, and 2020 has reinforced that our employees are a critical and cherished asset. They are fundamental to the vibrancy and success of everything we do – Ellis County's operations, service, and reputation – depend upon the abilities and character of our employees. While Ellis County is growing, our diversity still ranges from both strong rural and urban economic climates. Our team of 555 serves nearly 200,000 of their friends, family, and neighbors.

While the conditions we have faced as a team this past year have been sometimes unusual and difficult, our services to residents have in many cases continued smoothly. While many have faced uncertainty in their livelihood during this past year, we have been blessed with the opportunity to think beyond our current strategies and implement new ways to continue services for our community.

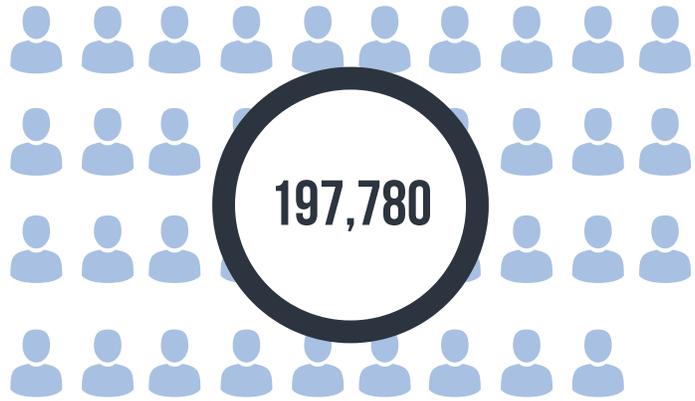

This adopted budget includes competitive employee compensation in comparison with years prior. Additionally, employees who have participated in the health benefits program will be eligible to receive up to 100% compensation on their current health benefits policy. The County also provides post-employment health benefits to its retirees and maintains a manageable pension burden based on its participation in the Texas County and District Retirement System, a multi-employer defined benefit agent plan.

### Business Climate

Since the early 1960's, Ellis County's population has grown from 43,000 to approximately 200,000 people and continues its course of change from a rural to urban economic climate. From local commerce to fortune 500 companies, the perception of value continues to rise here in Ellis County, and that means more jobs and more opportunity.

Over the years established industries such as honey processing plants, fiberglass insulation manufacturers, steel fabricators, automobile shipping yards, power generation plants, current plants, warehousing, and more, have been a source of income for our citizens. Today, an even more sustainable horizon approaches as we partner with cities and school districts to provide financial incentives to feasibly justify a major facility, campus, or center of business operations in Ellis County. We currently welcome Compass Data and the only two Google Data Centers in Texas; aerospace design, engineering and manufacturing groups Triumph Aerostructures and Bombardier US Aerostructures are fully operational with the capacity to provide for more than 2,000 employees and train future leaders in aviation through the apprenticeship program with TSTC.

As fears of unemployment due to the COVID-19 crisis continued to increase, our development did not cease. On July 14th, the Commissioners' Court solidified an agreement with Freshpet Inc., creating over 400 new jobs for citizens with a \$267 million dollar investment in Ellis County and the City of Ennis. As of today, Ellis County maintains the lowest unemployment rate of neighboring counties.

## Transportation Network

In partnership with the Texas Department of Transportation, this budget includes the purchase of right away for expansion and creation of new roadways. The County is comprised of 952 square miles of the Texas Blackland Prairie. Two major north-south interstates, I-35E and I-45, run through Ellis County, and east-west traffic is enhanced by State Highway 287. Being just south of the DFW Metroplex, Texans across Ellis County and beyond regularly commute through, into, or out of the county limits for employment, school, or leisure. In order to support the large volume of travelers entering and exiting the county, The Texas Department of Transportation highway construction projects are a high priority. Overall, TXDOT has

over 100 county projects planned or under construction in next ten years with an estimated value of \$1.2 billion in construction. These projects include but are not limited to:

- Widening of FM 1387 from Midlothian Parkway to FM 664 from its current two lanes to an eventual six lanes.
- The expansion of FM 664 from U.S. 287 to Westmoreland from its current two lanes to an ultimate six lanes.
- Loop 9 proposed to connect I-35 to I-45 to serve the northern portion of Ellis County

## Healthcare Network

I am enthusiastic about the addition of the third quality care facility - Methodist Midlothian Medical Center - to the Ellis County Healthcare Network. As of today, citizens are provided services from the exceptional Baylor Scott & White - Waxahachie and Ennis Regional Medical Center. As we expand our capabilities, residents will now be offered essential medical support from three locations stretching across the heart of the County.

Our robust healthcare network has been tested and refined throughout the COVID-19 crisis. Early on, our goal was to mitigate potential strain from the virus on our frontline healthcare workers by "flattening the curve". Maintaining adequate care capacity in our hospitals, coupled with greatly enhanced medical capabilities (more beds, proper equipment where it is needed, adequate testing), the healthcare network has proven its unparalleled efficiency in caring for the citizens of Ellis County in response to the COVID-19 crisis and beyond.

## Higher Education

In 1943, higher education opened the gates of opportunity for Ellis County citizens. Today, higher education in Ellis County provides citizens with a plethora of substantial options for futhering their careers. Future county employees are currently attending premier Ellis County trade schools such as Texas State Technical College, where they can acquire specialized trade education through customized professional development, technical and contract training, and aerospace design through the apprenticeship program with Bombardier. Navarro Community College maintains campuses in Midlothian and Waxahachie, with additional educational opportunities including seven undergraduate degree programs and one master's degree program from Tarleton State University. Southwestern Assemblies of God University is named as of "Niche's Best" universities in the country for online and in-person programs.

## Capital Improvements

The FY 2020-21 Budget implements the County's long-term vision and strategic capital plan by accounting for capital needs with limited financial resources. The investment of capital improvement serves as the catalyst for expedited government services for our citizens. These projects include:

- **County Court at Law #3** - This project includes \$1.1 million to cover courtroom construction costs and \$400,000 for furniture and fixtures. Overall \$1.5 million is estimated for full project completion.
- **Justice of the Peace Precinct 2 Facility** - This building will be a host for an additional courtroom, tax office, elections polling location and community room, Texas A&M Agricultural Extension service, and constable's office. The \$3.5 million project will include location expansion, furniture, and fixtures.
- **JJAEPP (Juvenile Justice Alternative Education Program)** - Ellis County will work with local school districts to offer an alternative education program for juveniles entering the justice system. The \$250,000 project will include classroom expansions, furniture, computers, and equipment.
- **Red Oak Tax Office** - With the addition of the 4th tax office in Red Oak, citizens will now have the opportunity to be provided critical services all across the county.

---

## In Closing

The FY 2020-21 budget is a balanced fiscal plan that promotes high performance, transparency, and calculated financial allocation to reduce wasteful government spending. The budget first and foremost upholds our obligations to tax-payers in stewarding the County's financial resources in a manner that is honest and just. Additionally, the budget provides the means for the Commissioners' Court, elected officials, and county employees to adequately serve the citizens of Ellis County with quality and efficiency.

I want to recognize the office of the Ellis County Auditor and staff who have worked to make this a successful budget process. I would also like to express my deep gratitude and appreciation to the Commissioners' Court, elected officials, and employees who have rolled up their sleeves and have gotten to work for this community in their time of need. Together we have exemplified the Texas spirit by facing adversity head strong with grace and resilience. May God continue to be the guiding light for Ellis County today, and for years to come. God Bless Ellis County.

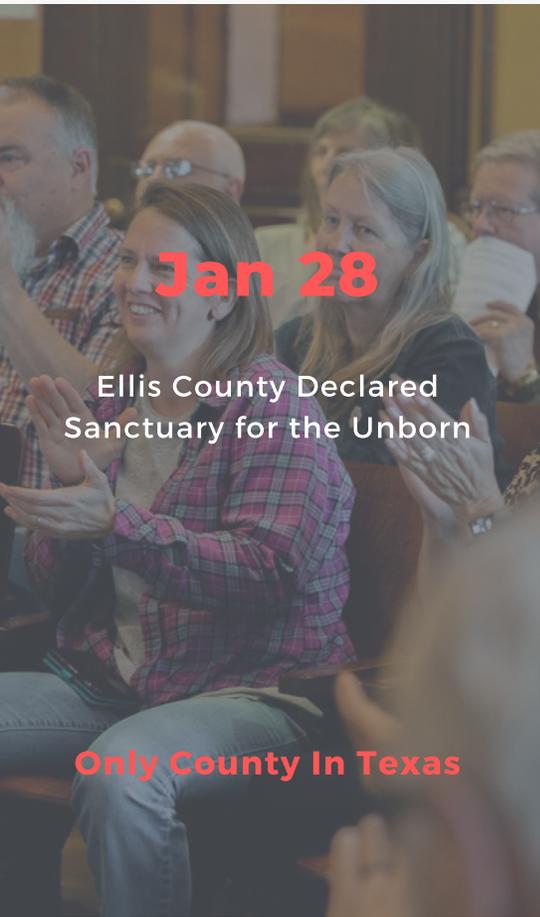

Respectfully Submitted,

Ellis County Judge Todd Little
