

Ellis County Veterans' Treatment Court

IGNITION INTERLOCK DEVICE BLOW POLICY

You acknowledge the following interlock policy:

If any 'blow' into an interlock device results in an outcome of .01 or higher, a "warning", or a "violation", you understand you must continue subsequent 'blow' attempts every 10 minutes for a total of 30 minutes, or until the device registers .000, or "pass".

You understand if you fail to follow the terms of this agreement, the Veterans' Treatment Court (VTC) may impose sanctions, add or change assigned tasks or conditions, and/or modify or change your treatment program. These changes may include, but are not limited to:

- Increased frequency of court appearances.
- Increased frequency of support meetings.
- Order you to write an essay on a recovery or VTC-related topic.
- Increase participation in Community Service.
- Incarcerate you in the Ellis County Jail.
- Re-start your current phase.
- Increase your level of supervision.
- Re-evaluate your treatment plan.
- Issue a Bond Forfeiture or Alias Warrant (BFAW).
- Terminate your status as a program participant, allowing the court to then convict and sentence you within the full range of allowable punishments.
