## **HOME AID**

Assisting Hands - non-medical home health care services

<https://assistinghandsnorthtx.com/>

~~~~~

ComForCare: <https://www.comforcare.com/texas/dallas-park-cities>

We are contracted with the VA to provide homemaker services for all veterans that need the service, regardless of financial or disability rating. The veteran simply needs to be registered with the VA medical system.

We are happy to walk them through the process to get them enrolled and get them help around the house and with errands to keep them living safely and independently. I want to reiterate that our services are NO COST whatsoever to the veteran.

We are working on another program that will help dementia patients with Medicare starting July 1, 2024

HOUSING
