Announcing New ePollbooks Coming This Election!

We're excited to announce the rollout of **Tenex Software Solutions ePollbooks** for the upcoming election!

These electronic pollbooks will improve the efficiency and speed of the voter check-in process at all polling locations. They are designed with user-friendly interfaces, faster processing, and enhanced security features to ensure a smooth and secure voting experience for both voters and poll workers.

The Benefits that Continue for Ellis County:

- ✅ **Streamlined Voter Check-In**
  Faster, more efficient processing at the polls to reduce wait times and improve the voter experience.
- ✅ **Secure and Reliable System**
  Built-in safeguards and redundancy ensure system integrity, even during high-volume voting.
- ✅ **Enhanced Accuracy of Voter Records**
  Real-time validation helps eliminate errors and ensures voters receive the correct ballot.
- ✅ **Real-Time Updates Between Polling Places**
  Instant synchronization of voter data prevents double voting and increases confidence in election integrity.
- ✅ **Simplified Process for Poll Workers**
  User-friendly tools make it easier for poll workers to assist voters and focus on service.

Training & Support:

All poll workers will receive hands-on training and support materials to ensure comfort and confidence with the new system before this election.

We're committed to making this transition seamless and successful—and to providing voters with the best possible experience at the polls.

Thank you, Ellis County voters for your continued support and for exercising your right to vote!
