**Construction Permit
 INFORMATION SHEET**

A construction permit is required to install stationary fuel power systems. Section 1205 contains requirements for fuel cell power systems.

No person shall perform or authorize Construction or Substantial Improvement within the unincorporated areas of Ellis County without first securing a permit.

Stationary fuel cell power systems shall be installed and maintained in accordance with NFPA 70 and NFPA 853. All construction work must be performed in accordance with Chapter 33.

In order to obtain a permit, the following items must be submitted:

1. A completed Construction Permit Application.
2. A set of plans that show the aggregate power rating of the fuel cell system, the location of stationary fuel cells on the property, and the distance from lot lines, buildings, hazardous materials, high piled stock, stored combustible materials, and any portion of a designated means of egress.
3. The plans must also show fire apparatus access roads
4. A permit fee in accordance with the Ellis County Fire Code.

105.7.10	Fuel cell power systems	\$100.00
