Construction Permit INFORMATION SHEET

A construction permit is required for installation of or modification to gas detection systems. Maintenance performed in accordance with this code is not considered a modification and does not require a permit.

See section 916 for general requirements for gas detection systems.

No one may perform or authorize Construction or Substantial Improvement within the unincorporated areas of Ellis County without first securing a permit.

All construction must be performed in accordance with Chapter 33.

In order to obtain a permit, the following items must be submitted:

1. A completed Construction Permit Application.
2. A permit fee in accordance with the Ellis County Fire Code.
3. Documentation of the gas detection system design and equipment to be used.
