Construction Permit INFORMATION SHEET

No one may perform or authorize Construction or Substantial Improvement within the unincorporated areas of Ellis County without first securing a permit. All construction must be performed in accordance with Chapter 33.

Related details are found in Chapters 3, 13, 37, 50, 51, and 57.

In order to obtain a permit, the following items must be submitted:

1. A completed Construction Permit Application.
2. A permit fee in accordance with the Ellis County Fire Code.
3. A set of construction documents that include all of the following:
 - Floor plan of the building showing locations and dimensions of high -piled storage areas
 - Usable storage height for each storage area
 - Number of tiers within each rack
 - Commodity clearance between the top of storage and the sprinkler deflector for each storage arrangement
 - Aisle dimensions between each storage array
 - Maximum pile volume for each storage array
 - Location and classification of commodities in accordance with Section 3203
 - Location of commodities that are banded or encapsulated
 - Location of required fire access doors
 - Type of fire suppression and fire detection systems
 - Location of valves controlling the water supply of ceiling and in-rack sprinklers
 - Type, location and specifications of smoke removal and curtain board systems
 - Dimension and location of transverse and longitudinal flue spaces
 - Additional information as required by the fire code official
