Operational Permit INFORMATION SHEET

An Operational permit is required for the storage or processing of lumber exceeding 100,000 board feet. See Chapter 28 for provisions for lumber yards and woodworking plants

An operational permit allows the applicant to conduct an operation or a business for which a permit is required by section 105.6 for either:

- a. A specified period
- b. Until renewed or revoked

In order to obtain a permit, the following items must be submitted:

1. A completed Operational Permit Application.
2. At the discretion of the Fire Code Official, a floor plan for each building that includes:
 - a) The location of all exits, the distance between exits, and the exit dimensions.
 - b) The location of any fire alarm equipment, automatic sprinklers, emergency lighting, fire extinguishers, fire alarm control panel, EXIT signs and smoke detectors required to meet the Fire Code.
3. At the discretion of the Fire Code Official, a site plan indicating the location of the building on the property and the location of any fire hydrants, fire lanes/fire access roads and parking areas.
4. A permit fee in accordance with the Ellis County Fire Code.

The Ellis County Fire Code consists of the 2018 International Fire Code and all its references. If you have any questions, please contact our office at 972-825-5555.
